OPPORTUNITY

The perfect work | life balance.
Welcome to Acton.

Global. Innovative. Distinct.

Why Acton, Ontario?
Acton Ontario is one of the largest urban areas in The Town of Halton Hills. Halton Hills is a unique place to grow your business.

Plan now for your future...

The Acton Industrial Park is home to manufacturing, distribution and service companies located in the large population base of the Greater Toronto Area (GTA). Land values are much less than other parts of the GTA and development costs are competitive.

Since 1844 the leather tradition has endured first as a leather warehouse and since 1980 home to the Hide House leather goods store.

Ready Access to Suppliers and Markets

Acton is at the junction of Provincial Highway Number 7 and Regional Road #25. Highway #7 provides easterly access to Georgetown/Brampton and western access to Guelph/Kitchener. RR #25 provides direct north/south access to Highway 401 (15km).

Convenient two-way GO Train service is available to Union Station week days with eventual two-way all-day service between Union Station, through Acton, to Kitchener. The same rail line provides freight service with a potential rail spur on the west side of the community. (Subject to demand).

With a dedicated development team that offers a “can do” approach to business development, we have many thriving businesses that have benefited with sustainable growth.

Build a Strong Foundation

Halton Hills offers a lifestyle that will attract and retain the employees your business needs.

Superior Glove Works Ltd.

The company can trace its roots back to 1910. From the company's head office in Acton over 2,500 specialized work gloves are sold in Canada, the United States and Europe annually. Superior Glove has been named as one of the top 50 managed companies in Canada.

Metro Pavement Marking

Metro Pavement Markings Ltd. is a highly experienced pavement marking company, providing customers with professional and dependable service since 1976. Based in the Acton Industrial Park, Metro boasts a fleet of 45 trucks to service Ontario roads.

P & H Milling

Operating since the early 1800's, this sustainably modernized Acton mill is a manufacturer of bulk hard, soft and whole wheat flours; offering bulk delivery services throughout Ontario. The facility subscribes to a Global Food Safety Initiative and is a BRC Certified Food Manufacturer.

Purity Life

Founded in 1984, Purity Life is Canada's leading distributor of high-quality natural health products, supplying more than 7,000 stores across Canada, including the major food, drug and mass merchandisers and natural health food stores.
